

2010 MWES COURSE CONTENTS

<u>page</u>	<u>page</u>
1 Conductor identification.	28 Motors, Motor circuits, and Controllers.
2 Working space & dedicated space.	29 Motor circuit requirements.
3 One service per building or structure.	30 Commercial garages, repair & storage.
4 A service drop or lateral may supply only one service.	31 Commercial garages, repair & storage.
5 Service equipment overcurrent protection.	32 Aircraft hangars.
6 Multiple buildings in a single structure.	33 Motor fuel dispensing facilities.
7 Firewall penetrations.	34 Spray finishing.
8 Feeder taps.	35 Spray finishing.
9 Outside feeder taps.	36 Minnesota agricultural wiring table.
10 Transformer overcurrent protection: Transformer conductors.	37 Equipotential planes.
11 Transformer calculations.	38 Agricultural distribution point - Overhead supply.
12 Grounding and bonding.	39 Agricultural distribution point - Underground supply.
13 Bonding for other systems.	40 Manufactured home with a permanent foundation: Manufactured buildings - Article 545.
14 Grounding electrode system.	41 Manufactured home & mobile home installations: Recreation vehicle park wiring.
15 Grounding equipment with the grounded circuit conductor.	42 Swimming pools and similar installations.
16 Grounding separately derived systems.	43 Swimming pools and similar installations.
17 Grounding separately derived systems.	44 Indoor spa or hot tub installations.
18 Equipment grounding.	45 Outdoor spa or hot tub installations.
19 Equipment grounding for special applications.	46 Fire pumps.
20 Buildings/structures supplied by a feeder or branch circuit.	47 Fire pumps.
21 Panelboard requirements.	48 Transfer switch systems.
22 Dwelling supply conductors & ampacity tables.	49 Optional standby installations.
23 Wiring assembly occupancies & non-dwelling.	50 Emergency systems.
24 Wiring in ducts, plenums & other air-handling spaces.	51 Emergency systems.
25 Cable support and equipment access.	52 Interconnected electric power production sources.
26 Separation from power or other systems.	53 Interconnected electric power production sources.
27 Residential waste water pump: Commercial waste water pump.	54 Corner grounded delta systems.
